

THE TRADER'S DILEMMA

THE MARKET ISN'T
YOUR BIGGEST OPPONENT.
YOU ARE.

TRADING PLAN

- ✓ RISK 1% PER TRADE
- ✓ WAIT FOR SETUP
- ✓ FOLLOW RULES
- ✓ LET PROFITS RUN
- ✓ CUT LOSSES SHORT
- ✓ STAY DISCIPLINED

- FEAR
- GREED
- IMPATIENCE
- OVERCONFIDENCE
- FOMO

**FOLLOW
THE PLAN**

**FOLLOW
THE EMOTION**

Consistency

The plan was good...

until

fear

showed up.

Consistency

Or worse...

The plan was good...

until

greed

showed up.

Consistency

Winning trades

don't create
successful traders.

Following the plan
does.

Consistency

One emotional
decision

can **erase**

months
of disciplined ones.

Consistency

The market
doesn't reward
confidence.

It rewards
consistency.

Consistency

The goal was never
to **predict**
the market.

The goal was to
predict **yourself.**
